SERVICE TECHNICAL TRAINING INFORMATION
Session Schedule: July – December 2019

The Hillrom technical training programs are product certification programs. Attendees will be able to troubleshoot, conduct preventive maintenance and render repair to Hillrom products including:

BEDS & STRETCHERS TECHNICAL TRAINING
- Progressa® Bed
- VersaCare® Med-Surg Bed
- CareAssist® ES Med-Surg Bed
- Advanta™ 2 Med-Surg Bed
- TotalCare® Bed System
- Affinity® 4 Birthing Bed
- Compella™ Bariatric Bed
- All Hillrom™ Stretchers
- Centrella® Smart+Bed

LIFT TECHNICAL TRAINING
- Viking® Lift Series
- Golvo® Lift
- Sabina® Sit-to-Stand Lift
- LikoGuard® Overhead Lift
- Likorall® Multirall™ Overhead Lifts components to the FreeSpan™ System

SURGICAL PRODUCTS TECHNICAL TRAINING
- TruSystem® 7000 OR Table
- TruSystem® 7500 OR Table
- TITAN® OR Table
- TruLight® Surgical Lights TL3000/TL5000
- iLED® 5 and iLED® 3 Surgical Light
- iLED® 7 Surgical Light
- TruPort® Boom

DIAGNOSTIC CARDIOLOGY TECHNICAL TRAINING
- ELI 280 Resting ECG
- ELI 350 Resting ECG
- ELI 380 Resting ECG
- ELI 150c & 250c Resting ECG (Available Upon Special Request)
- Q-Stress 6® and TM55/65
- Q-Stress 6® and TMX428
- Q-Tel® RMS Rehabilitation Management System

WHO SHOULD ATTEND
Our training is designed for hospital personnel including:
- Hospital Biomedical Engineers and/or
- Hospital Facilities/Maintenance Staff

COURSE OBJECTIVES
Upon completion, you will return to your facility with the product knowledge and hands-on experience necessary to keep your patient care areas functioning at their required levels.

Course objectives include:
- Hands-on knowledge of troubleshooting techniques
- Preventive maintenance and safety inspection steps
- Understanding of product features and benefits
- Ability to quickly spot and correct user errors
- Knowledge of product warranties, out-of-warranty exchange programs and parts ordering procedures
- Theory of operation and component level replacement

COURSE PREREQUISITES
Programs are designed for individuals responsible for troubleshooting, repair and maintenance/preventive maintenance of Hillrom equipment. It is recommended that the student possess a basic knowledge of electronics, as well as experience with electronics testing equipment.

CLASS FEES
Listed on schedule page

COURSE MATERIALS
All service manuals, recommended spare parts lists, and student guides are provided. Testing includes problem diagnosis and/or a written exam.

CERTIFICATE
Upon completion of the class, each attendee will receive a certificate of completion indicating the attendee is trained to repair and maintain Hillrom™ Beds, Welch Allyn® and Mortara® Cardiology Products, Surgical Products, or Liko® Lifts. In order to receive the certificate, the attendee must be present for the duration of the class. ***NOTE: Certificates will have a 2-year validity period as long as the attendee is employed by the contracting facility. Refresher training may be required after that time.***

TRAINING LOCATION: BATESVILLE, IN
Hillrom's training facility in Batesville, IN, is centrally located between the Cincinnati/Greater Northern KY (CVG) and Indianapolis, Indiana (IND) airports. Students may fly into either airport and drive to Batesville. *(Note: Expect 1-3 hours of driving time depending on airport selected.)*
Address: Hillrom Training, 1 S Main St, Batesville, IN 47006

BATESVILLE, IN (Eastern Standard Timezone)

Bed & Stretchers Seminars:	8:00 am through 4:30 pm
Surgical Product Seminars:	8:00 am through 5:00 pm
Liko® Lift Seminars:	8:00 am through 5:00 pm (Day 1) 8:00 am through 3:00 pm (Day 2)
Diagnostic Cardiology Seminars: (Welch Allyn, Mortara, Quinton)	12:30 pm through 4:30pm (ELI 280) 8:00 am through 4:30pm

EXPENSE MANAGEMENT
Class attendees are responsible for all expenses. Please arrange flights, rental car, hotel, and manage food/beverage purchases per your facility/company's travel policy. You will need to rent a car; there are no airport transfers or taxi services to Batesville, IN.

LODGING
The following lodging options are closest to the Hillrom Training facility:

SureStay Inn Batesville	Holiday Inn Exp	The Sherman
1039 St Rd 229	915 W Ann & Hwy 3	35 S Main St
Batesville, IN 47006	Greensburg, IN 47240	Batesville, IN 47006

BEDS & STRETCHERS

- **Progressa® Bed (Model P7500, P7520)** 2
  All available sleep surfaces (Therapy and Pulmonary) are included, as are the IntelliDrive® feature and the Fifth Wheel. Clinical operation, general theory of operation and troubleshooting are covered. **$2,400**

- **Affinity® 4 Birthing Bed (Model 3701)** 1
  Clinical operation, general theory of operation and troubleshooting are covered. **$1,200**

- **CareAssist® Bed (Model P1170) and Advanta™ 2 Bed (Model P1190)** 1
  Clinical operation, general theory of operation, troubleshooting and the IntelliDrive® feature are covered. **$1,200**

- **VersaCare® Bed System (Model P3200)** 1
  All available sleep surfaces (A.I.R. and P500) are included, as well as the IntelliDrive® feature. Clinical operation, general theory of operation, and troubleshooting are covered. **$1,200**

- **TotalCare® Bed System (Model 1900)** 3
  All available sleep surfaces (Short Stay Surface, TotalCare® SpO$_2$RT® Pulmonary Surface, etc.) are included, as are the IntelliDrive® feature and the TotalCare® Bariatric version of the product. Clinical operation, general theory of operation and troubleshooting are covered. **$3,600**

- **Stretcher Training: TranStar® 8000 Series and Hillrom™ Stretcher 8000 Series (8000, 8005, 8010, 8020, 8030, 8040 & 8050)** 1
  Clinical operation, general theory of operation, troubleshooting and the Power Drive feature are covered. **$1,200**

- **Centrella® Smart+Bed Training (Model CNT155, CNT255, CNT355)** 1.5
  Clinical operation, general theory of operation and troubleshooting are covered. **$1,800**

- **Compella™ Bed Training (Model P7800)** 1
  Clinical operation, general theory of operation and troubleshooting are covered. **$1,200**
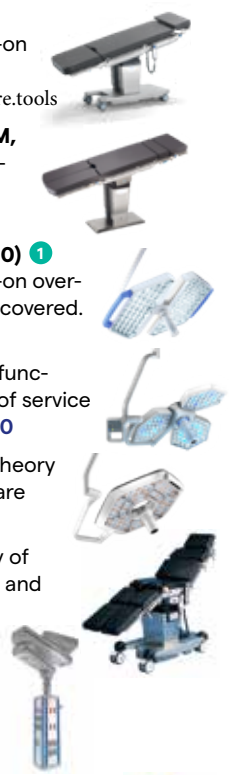

LIKO® LIFT TECHNICAL TRAINING

- **Liko® Mobile Lifts** 2
  Product operation, electrical theory, component removal and replacement, preventive maintenance, periodic inspection and troubleshooting are covered. Products include: Viking® lift series, Golvo® lifts, Sabina® sit-to-stand lifts, LikoGuard® lifts, Likorall® and Multirall™ overhead lifts, and components to the FreeSpan™ system. **$2,400**

SURGICAL PRODUCTS - ****Software/tools not included**

- **TruSystem® OR Table (Model TS 7000 U/dV)** 1
  Product functionality, theory of operation, hands-on overview of service software and troubleshooting are covered **$4,000** does not include service software.tools

- **TruSystem OR System Table (Model TS 7500 SM, SB, SF)** 1 Product functionality, theory of operation, hands-on overview of service software and troubleshooting are covered. **$4,000** does not include service software.tools

- **TruLight® Surgical Light (Model TL 3000/TL 5000)** 1
  Product functionality, theory of operation, hands-on overview of service software and troubleshooting are covered. **$2,000** does not include service software.tools

- **iLED® Surgical Light (iLED 3/iLED 5)** 1 Product functionality, theory of operation, hands-on overview of service software and troubleshooting are covered. **$2,000** does not include service software/tools

- **iLED® 7 Surgical Light** 2 Product functionality, theory of operation, hands-on overview of service software and troubleshooting are covered. **$4,000** does not include service software/tools

- **TITAN® OR Table** ½ Product functionality, theory of operation, hands-on overview of service software and troubleshooting are covered. **$1,000** does not include service software/tools

- **TruPort® Boom** ½ Product functionality, theory of operation, hands-on overview of service software and troubleshooting are covered. **$1,000** does not include service software/tools

WELCH ALLYN® CARDIOLOGY PRODUCTS

- **Resting ECG Technical Training** ½
  ELI 280 Resting ECG Technical Training Basic operation, common troubleshooting techniques, clinical scenarios, device specifications, unit assembly/disassembly for repair, preventive maintenance and safety testing are covered. **$600 | $618***

- **ELI 350 Resting ECG Technical Training** 1
  Basic operation, common troubleshooting techniques, clinical scenarios, device specifications, unit assembly/disassembly for repair, preventive maintenance and safety testing are covered. **$1,200 | $1,236***

- **ELI 380 Resting ECG Technical Training** 1 Basic operation, common troubleshooting techniques, clinical scenarios, device specifications, unit assembly/disassembly for repair, preventive maintenance and safety testing are covered. **$1,200 | $1,236***

- **Stress ECG Technical Training** 1
  Q-Stress 6® and TM55/65 Treadmills Basic operation, common troubleshooting techniques, clinical scenarios, device specifications, unit assembly/disassembly for repair, preventive maintenance, and safety testing are covered. **$1,200 | $1,236***

- **Q-Stress 6® and TMX428 Treadmills** 1
  Basic operation, common troubleshooting techniques, clinical scenarios, device specifications, unit assembly/disassembly for repair, preventive maintenance, and safety testing are covered. **$1,200 | $1,236***

- **Cardiac Rehab Monitoring Technical Training – Q-Tel® RMS** 1.5
  Basic operation, common troubleshooting techniques, clinical scenarios, device specifications, unit assembly/disassembly for repair, preventive maintenance and safety testing are covered. **$1,800 | $1,854***

| ½ **Half-Day** Instructor-Led Course | 1 **Full-Day** Instructor-Led Course | 1.5 **One-and-a-Half-Day** Instructor-Led Course | 2 **Two-Day** Instructor-Led Course | 3 **Three-Day** Instructor-Led Course |

Session Schedule: July – December 2019

BED & STRETCHER TECHNICAL TRAINING, BATESVILLE, IN

TUITION FEES
See the product description page.

JULY
- ☐ **22** Compella™ Bed (Model 7800))
- ☐ **23–24** Progressa® Bed System
  (Model P7500 & P7520)
- ☐ **25–26** Centrella® Smart + Bed
  (Model CNT155 CNT255, CNT355)
- ☐ **29** VersaCare® Bed *(Model P3200)*
- ☐ **30–1** TotalCare® Bed System *(Model 1900)*

AUGUST
- ☐ **2** Affinity® 4 *(Model 3701)*
- ☐ **19–20** Progressa® Bed System
  (Model P7500 & P7520)
- ☐ **21–23** TotalCare® Bed System *(Model 1900)*
- ☐ **26** Hillrom™ Stretchers (all Models)
- ☐ **27** VersaCare® Bed *(Model P3200)*
- ☐ **28** Compella™ Bed *(Model 7800)*
- ☐ **29–30** Centrella® Smart + Bed
  (Model CNT155 CNT255, CNT355)

SEPTEMBER
- ☐ **16** VersaCare® Bed *(Model P3200)*
- ☐ **17–19** TotalCare® Bed System *(Model 1900)*
- ☐ **20** Affinity® 4 *(Model 3701)*
- ☐ **23** CareAssist® Bed/Advanta™ 2 Bed
  (Model P1170 & P1190)
- ☐ **24–25** Progressa® Bed System
  (Model P7500 & P7520)
- ☐ **26–27** Centrella® Smart + Bed
  (Model CNT155 CNT255, CNT355)
- ☐ **30** Affinity® 4 *(Model 3701)*

OCTOBER
- ☐ **1–2** Progressa® Bed System
  (Model P7500 & P7520)
- ☐ **3–4** Centrella® Smart + Bed
  (Model CNT155 CNT255, CNT355)
- ☐ **21** CareAssist® Bed/Advanta™ 2 Bed
  (Model P1170 & P1190)
- ☐ **22** VersaCare® Bed *(Model P3200)*
- ☐ **23–25** TotalCare® Bed System *(Model 1900)*

NOVEMBER
- ☐ **11** Compella™ Bed *(Model 7800)*
- ☐ **12–13** Progressa® Bed System
  (Model P7500 & P7520)
- ☐ **14–15** Centrella® Smart + Bed
  (Model CNT155 CNT255, CNT355)
- ☐ **18** CareAssist® Bed/Advanta™ 2 Bed
  (Model P1170 & P1190)
- ☐ **19** VersaCare® Bed *(Model P3200)*
- ☐ **20–22** TotalCare® Bed System *(Model 1900)*

DECEMBER
- ☐ **16** VersaCare® Bed *(Model P3200)*
- ☐ **17–19** TotalCare® Bed System *(Model 1900)*
- ☐ **20** Affinity® 4 *(Model 3701)*

LIKO® LIFT TECHNICAL TRAINING, BATESVILLE, IN
